The observations made by a credible source in Frankfurt/Oder in early September 1949 show that most of the Frankfurt/Oder units of the 7th Wis. Meez Div (Gadre) were still out of town on maneuvers. Only the Artillery Kaserne on August-Nebel-Strasse appeared to be occupied to capacity. According to observed

and previous information, the Kabele is believed to be occupied by component units of the 7th Mo. Inf Div (Sudra) of the Fourth Gls Mech Army (Sudra) which probably finished their maneuvers in early September 1949. Another source observed 1,200 troops returning to [REDACTED] from maneuvers on 17 September 1949 \*\*
